FOR IMMEDIATE RELEASE

“EXTREME MAKEOVER FOR PLAIN FRAMLESS MIRRORS”

Transforming existing mirrors without removing them from the wall is now so easy. The aesthetic value of bath and vanity mirrors will be increased within minutes. Almost anyone could perform this transformation with ease. The only tools needed are a razor knife and a measuring tape.

Sound extreme? Not anymore. MirrEdge® is an innovative mirror enhancement system designed to enable just about anyone to perform an extraordinary transformation for any mirror of any size and the cost is under \$50.00 for mirrors up to 63” x 63”

The Company that developed the original Clear Acrylic Mirrored Framing System now has added a new and exciting product to their line: New Woodgrain Mirr.Edge® Finishes. This new Product Line will be showcased at The National Hardware Show May 8, 2007. The new Woodgrain Finishes are: Deep Cherry Walnut, Elegant Royal Oak, Easy Driftwood Finish and a Light Regal Birch. The MirrEdge® Enhancement System features decorative and contemporary corner plates that make installation quick and virtually effortless. Just remember: Size, Score, and Snap.

Customers who have used the framing system tell us: “Your product looks really beautiful, so beautiful in fact that I am going to install it in my second bathroom, and my sister is going to do the same in her home.” Mary, Pembroke Pines, FL

“Your product is extremely easy to install, adds a high degree of style to a plain vanity mirror and best of all it is much more economical than a full replacement mirror. Gil, Boca Raton,

This is an exciting time in Home Improvement. Thanks to the MirrEdge® Enhancement System, an extreme makeover for any mirror is the true reflection of the beauty of a room. MirrEdge® is available through major Home Improvement Centers or for information: 800-757-2990 or www.mirredge.com
